“ Charles was a good friend and will be missed by many. He was very knowledgeable and helpful to Keith at the building supply. Our thoughts are with you during this sad time, we will remember you in our prayers.

“ Charles was one of the kindest people I ever knew, He was quite and unexcitable most of the time but once in a while you would get one over on him and that well known smirk of his would sneak out ! I Have known Charles all my adult life and am so much better for it. So proud to have been able to call him my family for alot of years ,but never stopped calling him friend . You will be missed .
