“ My Daddy absolutely loved Mogene and so did I. I remember Daddy sharing tales of their adventures and "pranks" in their younger days. What fun it would have been to see the two of them in their shenanigans. I have very fond memories of visiting your home while growing up and of family get-togethers and recall how much he enlivened them. I loved his rich, deep voice and could listen to him talk all day. He was always welcoming, warm, friendly, kind, and funny and was a joy to be around. He will always have a special place in my heart. I am praying for comfort and peace for each of you during this sad time. I love you.

“ Rita, Mike, Johnnie we are thinking about you in these sad times. We still have the wooden magazine rack that Mogene made for Mother. I remember all of the wooden toys and cars he made. Just remember all the great times we had on the vacations to beach. Remember all the times we all set under the trees at mama Perk's house. I don't know if we will get to come to funeral or not with the storm that coming at us tonight. But we will always remember him and you all. Prayers are with you.
