“ My nephew Phillip will be very much missed. He had a kind, loving soul and cared so much about others. When I read comments from others on facebook I was in awe of the lives he touched on a daily basis. He would often message me just to chat, apparently he did that with many others often just checking in on them. He loved his family and his friends with all that he was. He had his own struggles but I considered him brave and he never gave up. I will miss his messages and our chats. RIP Phillip, I have no doubt your Mom and Nammaw were waiting there to guide you to Heaven. As my sister Shirley said "thank you for sharing your light with us", fly high nephew! Love and Prayers to your brothers, family and friends.

“ Phillip was my great-nephew, my sister Pat's grandson. Even though I live in Michigan, watched him grow up through photos, phone calls, letters and latter, internet. He grew to be a nice young man that everyone loved. Kept in touch through his mammaw, mother, when they were alive, more recently his Aunt Shirley and Vickey and Uncle Ken. and he himself would reach out across the miles and talk to me on messenger always ended with love you aunt Judy. Can't believe he is gone, just had a birthday last month. He was only 5 months younger than my son. I will cherish a photo taken in Florida of my son. daughter, Carl. Dorothy and baby Jimmy

 Shirley Hicks

“ Phillip i loved you as my own child although my sister had you. Miss you so much already. You will always be in my heart. Your sudden passing brought many thoughts to my mind. Guess I never thought of you leaving before me. I always assumed you and your brothers would always be around. You weren't just my nephew or second son. You were my friend. My heart stays with a piece gone now. Love you still. Death doesn't determine the survivors to stop any beats. Its just cracked. Soar with the Angels. Tell everyone hello. Love you. Thank you for shining a light here with us. So glad you were a part of mine and our lives

Shirley Hicks - April 20, 2021 at 09:22 PM
